

Learn, Explore, and Make Earth Day Count

SPRING BIOBLITZ!

Saturday April 21 10am-2pm

Taos Valley Overlook Trailhead at end of County Road 110
(top of Slide Trail, past UNM and Taos Country Club)

BioBlitz: a collaborative effort to discover as many species of plants and animals as possible within a set location over a defined time

**What to Bring:
Water, layers,
hiking boots,
sunscreen, hat
and lunch!**

- **FREE** family-friendly event
- Learn how you can become a citizen scientist
- Learn to identify local plants and animals using **iNaturalist**
- Teach others what you learn

Please also bring a device with the **iNaturalist** app loaded and ready to go, if possible. Join the Taos Public Lands Citizen Science Project. This is how we will be recording our findings and sharing the data.
